

Welcome Parents to Le Petit Tennis!

Le Petit Tennis is a progressive teaching method using child-adapted equipment and a story oriented method called The Extraordinary Voyages.

WHAT IS IT?

An exclusive concept of Le Petit Tennis, The Extraordinary Voyages accelerates the learning process of children as it helps motivate them by engaging their imagination and creativity to concentrate on their tasks. The teaching method, tested and refined for many years in Belgium and France (the two leaders in this field), teaches tennis through the use of child friendly stories. These stories combined with a child-adapted tennis method are setting a new standard in the child development arena.

HOW DOES IT WORK?

Each lesson will make your child travel to a different location where your child will reach for his or her own individual goals. The children will learn the basic tennis strokes while striving to get to the next destination with his or her teammates. Each location offers its own series of games and adventures where the children also learn about animals and famous monuments. The completion of the nine stages (books) will signal the child's introduction to all the major strokes and skills required in tennis.

NO MORE BORING LINES!

In Le Petit Tennis classes, the children interact with each other, playing as a team with one on each side of the net. This allows the coach to move around and help children individually.

7 COLORED LEVELS OF PROGRESSION

Periodically, children will go through a basic review to gauge his or her level as associated with the colored levels on the Le Petit Tennis Bracelet and Racquet.

PARENTAL HELP AT HOME

We ask you for your help in your child's tennis progression, and to help the coach by performing some of the same monthly exercises at home with your child. The more your child plays and repeats these games, the faster your child will improve.

The proper equipment is essential to your child's success and enjoyment, so please, use the age adapted equipment which includes the correct sized racquet and ball. You can purchase all the equipment used in the lessons through the LPT web site at www.lepetittennis.com.

Thank you for choosing Le Petit Tennis and we welcome you and your child to the beginning of a wonderful tennis journey!

Jean Fleurian

President of Le Petit Tennis, Inc Former Davis Cup Player
